WES WITTENBAKER
ENGINEERING
SERVICES LTD

PRECISION SOFT SEALING, CUT TO ORDER IN WA.

Specialising in high-quality, custom-cut gaskets for a wide range of industries, Motion and Wittenbaker Engineering Services (WES) now bring precision gasket cutting to Western Australia.

Our state-of-the-art Atom gasket cutting machine delivers precise cuts for all soft sealing applications. Whether you need a single replacement or a large order, we manufacture to your drawing, sketch, DXF file or template, or digitise the gasket you already have.

ATOM GASKET CUTTER

PRECISE, REPEATABLE CUTS.

Every gasket is cut digitally from your file or a digitised sample, for a consistent fit every time.

OUR SERVICES

Made from your files

Manufactured from drawings, sketches, DXF files or templates.

Gasket digitising

Send in an existing gasket and we will digitise it for cutting.

Material choice

A variety of materials to suit most applications.

Fast turnaround

Quick turnaround on small and large orders.

HOW IT WORKS

FROM DRAWING TO GASKET

01

Send it to us

A drawing, sketch, DXF file or template, or simply your old gasket.

02

We digitise and cut

Samples are digitised, then precision-cut on our Atom gasket cutter.

03

Fast turnaround

Quick delivery on small and large orders, to keep your plant running.
